MISSION STATEMENT

The purposes underlying the founding of this school are first to meet the demands of ministerial training; and secondly, to provide education under Christian influence for all people.

VISION STATEMENT

The objective of Christian Education is: To produce effective ministerial leaders who will help others know God, His laws and understand His purpose of His universe and to help reconcile one's life with these laws.

ACCREDITATION

Western Baptist Bible College is currently not affiliated with any accrediting association. We continue to strive in pursuit of accreditation to confirm and validate our great instructors, curriculum, methods, practices, and processes. When our economics avails itself, we look forward to demonstrating that we can meet the high standards that accreditation signifies.

HISTORY EXCERPT

Western Baptist Bible College believes the chief aim of a good college is not merely to teach books, but the meaning and purposes of life as well. Diligent study and the learning of books are the only means to this end. Through study, we develop power, courage, and determination to go forth.

Western Baptist Bible College is a four-year co-educational Christian institution of higher education, supported by the Baptists, and dedicated to the cause of Christian Service. Western bears the distinction of being the first, and only, Christian institution west of the Mississippi River founded by Blacks exclusively.

The following is a brief history taken with excerpts from the colleges' history, by one of its earliest and most distinguished graduates, Dr. J. T. Caston, Physician and Minister.

For two months prior to April 1889, the National Baptist Standard, a paper owned and edited by Rev. G. H. McDaniels, of Hannibal, Mo., heralded forth a call for a meeting with the Morgan Street Baptist Church of Sedalia, on the 12th day of April 1889.

Pursuant to the plans of the Sedalia meeting, on October 8, 1889, representatives of the different district associations and churches met with the Second Baptist Church of Chillicothe and organized the Baptist General Association of Missouri. The Constitution provided the Corresponding Secretary and the Financial Agent.

The Board held a special meeting and decided to meet at Independence, on Wednesday, October 23, 1889, to complete arrangements with the Second Baptist Church for a building preparatory to the opening.

October 23, 1889, the Board met at Independence and with the trustees of the Second Baptist Church of the city, made and executed a lease providing for the use of the old church property for school purposes, for a term of five (5) years.

The Board met at Moberly, Missouri, November 13, 1889, and elected Rev. Wilton R. Boone, B. D., of

Springfield, Ohio as President of the school.

Following this meeting, the President and Secretary of the Board visited Independence, arranged the building, secured the necessary fixtures, and announced the opening for January 1890.

On January 13, 1890, the Board met in the building prepared for school purposes with several visitors and friends of the city, to witness and take part in the opening exercises of the Western College. Appropriate program was rendered. The morning was devoted to Prayer and Praise, and the afternoon to addresses. The exercises were completed late in the evening by enrolling students and installing Rev. Wilton R. Boone as the first President. After the collection was taken, all joined in singing. Closing prayer was offered by Rev. J. T. Caston. The institution was organized, commenced its work with a faculty consisting of a President, and an Assistant Student Teacher; term four (4) months, enrollment fourteen (14), seven (7) of whom were young men engaged in the ministry. In the Fall of 1890, before the school term began, the Board employed another Teacher in the person of Prof. W. F. Smith, A.M., of Kansas City, Mo.

At the expiration of the second term, Rev. Wilton R. Boone resigned the presidency. At a meeting of the Board, held in Chillicothe, July 31, 1891, three applications for permanent location were considered and, after much deliberation, the offer of Macon, Missouri, was accepted which provided for a gift of seventeen (17) acres of land valued at \$100 per acre and \$300 in cash. It was also stated in the application that the bid was to be considered \$2000 if the Board reserved the right to select another site in the city.

September 18, 1891, the Board met at Macon and selected a permanent site for the school, consisting of twelve (12) acres of land with a larger two-story brick building, three-fourths of a mile from the business part of town.

In January 1892, the school was reopened in Macon, with Prof. W. F. Smith, A.M., and Mrs. C. R. McDowell, Teachers. This was another short-term owing to the necessity of securing property, moving, etc.

During the Summer of 1892, the Board succeeded in securing the services of Rev. E. L. Scruggs, A.M., B.D., as President.

The white Baptist brethren of Missouri endorsed the work and permitted the representative of the school to come before their churches and present the claims of the institution, which was usually followed by a collection.

The Baptist Home Mission Society of New York came to our rescue and assisted in caring for our teachers and gave a donation of \$1200 on our new building erected in 1892. They also paid the State Missionary's salary (in full) until the corporation plan was inaugurated. In September 1920, Western College was moved from Macon, Missouri to new quarters on the Ridge Estate, located at 2101 Woodland Avenue in Kansas City, Missouri. After a decade of occupancy of that site it proved to be much too small, so within a few more years the present property at 2119 Tracy Avenue in Kansas City, was secured. Clamped in the vice of the depression years of the 1930's, the school was forced to close its doors during the school year 1935-36. After a reorganization was affected, the school was reopened in August 1937 as Western Seminary.

Western offers certificates and degree programs to choose from, including Master of Divinity and Doctorate of Ministry degrees. The newest educational offering is the Certificate of Progress Program

(COPP), offered in conjunction with the National Baptist Convention USA, Inc., Department of Christian Education Accreditation and Credentials of the Sunday School Publishing Board, Nashville, Tennessee.

With extension campuses in St. Louis, MO and Topeka, Wichita, Junction City, Olathe in Kansas, Western continues to rank as a leader in academic excellence for students in pursuit of higher learning in Christian Education.

COLLEGE POLICIES AND PROCEDURES

REGISTRATION PROCEDURES

Registration dates for each semester may be found in the college calendar. All students should report to the Dean's Office during the scheduled time to be properly registered. No students will be admitted to class until their registrations are completed.

New students are required to fill out an admission application, pay a \$25.00 non-refundable new student fee and provide official College/University/Seminary transcripts as appropriate. All transcripts should be sent to Western Baptist Bible College to the attention of the Dean of Academic at Morning Star Family Life Center, 2525 E. 27th St., Kansas City, MO. 64127.

MANDATORY STUDENT ORIENTATION

All students are required to take an orientation course which is designed to help students understand Western's great history and her expectations from the student, to render better work and get more out of the biblical college experience.

TRANSFER CREDIT POLICY

Students who have studied previously at other college(s) are required to have an official transcript. Transfer credit may be granted for courses based on the following criteria:

- 1). A grade of C or above was earned
- 2). The courses are equivalent to and meet course requirements for Western

The Dean of Academics will evaluate all transcripts to determine how many credits can be transferred. Transfer credit does not affect the GPA at Western Baptist Bible College. Transfer decisions will be made on a case-by-case basis, reviewed and approved by the Dean of Academics. Credits will be allowed for those subjects and courses which correspond to the subjects or courses required by this school.

NOTE: All transfer students must earn a minimum of 30 semester hours at Western to qualify for a Graduate degree from Western.

CREDIT HOURS AND CLASS MEETINGS

Each course is a three-credit hour course. One and one-half hours will be conducted in a classroom setting, consisting of class lectures, exams, and discussions. The remaining one and one-half hours will be assigned and worked outside of the classroom. These assignments could consist of research projects, lab assignments, or other variety of methods for testing student's understanding of the material presented.

CHANGE OF SCHEDULE

All changes must be made through the Dean's Office and proper forms completed and signed. No courses may be added for credit after two weeks of class instruction, unless approved by the Dean.

WITHDRAWALS

Classes that are dropped within two weeks after the semester has begun, will not show up on the student's permanent transcripts. Withdrawing from a class after the two-week period will generate a "W" appearing on the student's transcript. The "W" has no effect on the student's GPA.

A student who wishes to withdraw from a course must notify the Instructor and the Dean immediately, so records can be kept current.

INCOMPLETE

An incomplete grade does not reward the student with academic credit and so is not included in grade point average computation. Teachers award a grade of incomplete with the expectation that students will finish any necessary work within a specified time limit. If students do not meet that deadline, the “I” will convert to an F and will appear on the student’s permanent records and transcript. Incompletes could affect graduation.

GRADING SYSTEM

The standard of work done by the students at Western Baptist Bible College will be graded per the following system:

A - 90 -100	4 points
B - 80 -89	3 points
C - 70 -79	2 points
D – 60-69	1 point
F – 0-59	-1 points

DEAN’S LIST

Each semester a Dean’s List of students who receive honors will be issued. To be eligible for the Dean’s List in each fall or spring semester, a student must meet the following criteria:

- Complete a minimum of 9 or more earned hours, in the semester, with a minimum GPA of 3.50. Transfer hours are not included in these totals.

LATIN HONORS

Graduation honors are awarded to undergraduates earning their bachelor’s degree. CHAPEL REQUIREMENTS

All students are **REQUIRED** to attend chapel services and will receive an attendance credit. The attendance credit will equate to 5% of your class grade. The Chapel program at Western Baptist Bible College is designed to be an important part in the development of students' spiritual lives and growth. It takes place on Tuesday evenings on campus and online.

All students are encouraged to support the special emphasis programs held throughout the school year. These special emphasis programs include but are not limited to the following: Lectureship Events, Women's History Month Celebration, Western's Black History Program, Western's Alumni Founder's Day Breakfast and Worship Service and Western Loyalty Banquet. All special emphasis programs and events are listed on the School Calendar of Events.

PRACTICAL CHRISTIAN WORK

Adequate training and experience for Christian service requires both the technical and theoretical knowledge that one gains in the classroom and the practical knowledge that one gains while engaged in the thing for which he is being trained.

Western, therefore, requires every student to not only meet academic requirements, but for graduation, he must also show satisfactorily, by his record of practical Christian work, that he has within himself a wholesome zeal and proper understanding and attitude for serving the Lord in his chosen area.

Consideration may be given for work done in home churches or other selected Christian areas to which one may be attached. However, such work must be properly approved by the college in advance. This becomes an obligation not only to the church or area involved, but also the college through the Departments and Dean, and may not be discontinued or changed without prior consultation with his Department Chairman.

All students' work area assignments must be given by or with the approval of the college, in advance.

Students engaging in practical work without such proper procedure will not get credit. In Departments requiring special types of organized Christian Field experience, this service may be integrated with the same.

A weekly report of all practical work done is required for each student. Mid-semester and semester reports are usually turned in by the practical area field supervisor.

A maximum of 9 credit hours could be awarded.

INDEPENDENT DIRECTED STUDY

Independently directed study courses are available in most disciplines. They offer properly qualified students the opportunity during any term to carry out individual work that is unique and intensive on an appropriate course that is offered in that semester. The student works on or off campus under the general supervision of a faculty member in the appropriate discipline program.

A detailed description of the project must be submitted on the proper form by the beginning of the semester during which the work will be done. Approval by the appropriate department chair and the Dean of Academics is required no later than the end of the first week of a semester.

To be eligible for Independent Directed study, a student must have the following:

- 1 Have a minimum cumulative grade point average of 3.00
- 2 Complete the Independent Directed Study Proposal Form

Note: First year students are not eligible for Independent Directed Study.

REQUIREMENTS FOR GRADUATION

Consultation Sequence

The consultation sequence is an integral part of the D. Min. process and is required for successful completion of the Program. The process of each consultation is one of peer review, and critique of the developing doctoral proposal. The candidate may base the project on the study of some aspect of an ongoing historical or contemporary ministry performed by others. The same elements of underlying theory, operational analysis, and critical evaluative reflection noted above should be included.

Length and style of the Doctoral Project

Focus the topic so that it is manageable within the limits of space and time. The project should strive for clarity and readability. Use case materials, illustrations and documentation effectively. Avoid excessive reliance on secondary sources. The candidate may engage in an advanced study of some aspect of historical or contemporary ministry performed by others. The project will involve research and reflect scholarly workmanship. The Doctoral Project should be between 50-75 double-spaced pages using 12-point font size with a Times New Romans font.
